## Will The Rt. Hon. Mackenzie King Now Make Good His Promise and Construct the Peace River Coast Outlet?

### Large Number of Teachers In Attendance at Convention In Progress Grande Prairie

Upwards of one hundred are in attendance at the Teachers' Convention of the Grande Prairie Association, which is under way in the High School on Thursday morning.

Up to 11 o'clock the visiting teachers inspected the public school work and also the work of St. Joseph's Separate School.

Meeting in the assembly hall, the teachers were addressed by Inspector H. E. Balfour, M.A., on the proposed new course of studies for public schools.

### Secretary of Boy Scouts Visiting Peace River

W. S. Backman, executive secretary of the Boy Scouts Association, Alberta Provincial Council, was a presence on Tuesday's route when he visited the various Scout groups and to further organize where such organization is needed.

Mr. Backman will visit Scout groups at the following points:

Hythe—Saturday, Nov. 2.

Grande Prairie, Monday, Nov. 4.

Stuart River—Tuesday, Nov. 5.

The Girouxville—Wednesday, Nov. 6.

McLennan—Thursday, Nov. 7.

Hines Creek—Friday, Nov. 8.

Meetings will also be held at Fairview, Berwyn and Peace River.

The secretary has with him motion pictures of scout activities in Alberta, including pictures of the Chief Scout of the World when he was in the province last April.

The Boy Scout movement is making wonderful progress throughout the province and the Dominion. At present there is an enrolment of 7,000 in Alberta and 45,000 in Canada.

In training these boys, Mr. Backman said, the objective is good citizenship.

### Ford Motor Sales Manager Is a Business Visitor

Jack Fraser, assistant sales manager for the Ford Motor Company of Canada, Alberta Branch, is here contacting Ford dealers, especially in regard to the introduction of the new 1936 models.

In conversation with The Tribune reporter, Mr. Fraser, who a few years ago was a prominent figure on the rugby football and athletic fields, in summing up the company's business for the past season said: "We have had a marvelous year."

He further stated that: "The new Ford V-8 is a car observed Fraser, has improved for the future. Every feature which has been outstandingly proved in billions of miles of service has been retained. Changes have been made only where sound engineering and intensive research proved improvement was possible."

"The 1936 car," continued Fraser, "is new in beauty, inside and out; new in ease of steering and gear-shifting, and affords new quietness and comfort through improved body insulation."

Mr. Fraser is meeting many old friends in going the rounds of the district.

### Wembley District Man Hurt, Tries To Stop Runaway

Earl Thornton, age 34, son of P. B. Thornton of the Wembley district, was quite badly injured when he attempted to stop a runaway team.

The accident occurred on the Held farm, where the injured man was driving a bundle of hay. The team was standing near started to run away. Thornton grabbed the bridle of one of the horses and was thrown under the wagon. He was rushed to the Grande Prairie Municipal Hospital, where an examination by Dr. Carlisle revealed that two ribs were broken, also that the jaw and back were injured.

### G. P. CANADIAN CLUB HOPE TO HEAR NOTED LECTURER

With the possibility of the Canadian Club of Grande Prairie meeting on Tuesday, November 12, it is hoped to have Mr. E. S. Silcox of Toronto, international lecturer, address the club during his stay in Grande Prairie.

Mr. Silcox will address the Canadian Club on Tuesday, November 11. His subjects are chosen from "The Meaning of Citizenship in the Americas," "The Future of Canada," "Impressions of Latin America," "Canada Place Among the Nations," and "Why Housing in Canada?"

### Social Credit Convention Here November 15

The Social Credit organization of the Grande Prairie Provincial constituency will hold a business convention on Friday afternoon, November 15, in the I.O.O.F. Hall, Grande Prairie, commencing at 2 o'clock.

Matters pertaining to the organization will be dealt with, besides, it is understood, certain needs of the constituency will be expressed in resolutions.

Captain Roberts, the president, will occupy the chair.

It is highly desirable that all Social Credit groups be represented.

### Hospital Dance Proved Gay Affair Monday Night

As a major function of the fall social season, nearly 300 people attended the annual hospital dance in the Elks Hall, Grande Prairie, last Monday evening, held under the sponsorship of the Ladies Hospital Aid committee.

The committee realized a little over a hundred dollars clear. Members of the committee are: Mrs. L. C. Purdy, Mrs. A. H. McMillan, Mrs. Delmer Pratt and Mrs. J. Pickard.

The society of the affair continued well into the morning to the strains of Benson's orchestra. Mr. C. Strudwick acted as floor manager.

### Funeral of Peter George Held on Friday Afternoon

Funeral services for Peter George, who was killed by a car on Friday afternoon, were held in the St. James Presbyterian Church, Grande Prairie, on Friday afternoon.

Mr. George, who was killed by a car on Friday afternoon, was buried in the cemetery. He was a resident of Grande Prairie.

The funeral was held in the St. James Presbyterian Church, Grande Prairie, on Friday afternoon.

Mr. George, who was killed by a car on Friday afternoon, was buried in the cemetery. He was a resident of Grande Prairie.

### G. P. W. I. THANKS PATRONS AND HELPS AT TEA IN UTILITIES NEW SHOW ROOM

The Grande Prairie Women's Institute take this opportunity of expressing their thanks to the Canadian Utilities for the privilege of serving tea at the opening of the new show room, to Mr. Gudmundson for favors extended, and to Miss McKinnon, who guided the ice cream and assisted in other ways, and to all those whose patronage contributed to the very best and most successful of the evening. The purchase of Christmas hampers for the needy and less fortunate in the community.

### MALE VOICE CHOIR TO GIVE CONCERT AT RYCKROFT, NOV. 8

The Grande Prairie Male Voice Choir will give a concert at Ryckroft on the night of Friday, November 8, which will be followed by a dance.

The choir was well received in a concert at Ryckroft last year and those in charge of the coming concert are preparing for a record attendance.

### MEMORIAL SERVICES IN ST. PAUL'S UNITED, NOVEMBER 10

Memorial services in memory of those who made the supreme sacrifice in the Great War will be held in St. Paul's United Church, Grande Prairie, at 10:45 a.m. Sunday, November 10.

Rev. C. E. Fisher, minister of Fort St. James Presbyterian Church, will deliver the address.

### REMEMBRANCE DAY AT HYTHE

HYTHE, Oct. 30.—A Remembrance Day dance will be held in the Jubilee Hall here on Monday night, November 11.

Earlier in the evening the returned men will hold a banquet in the Donald Hotel.

### A Call To Arms

(An Editorial)

Speaking at Vancouver on July 8th, 1930, Rt. Hon. Mackenzie King had the following to say in regard to the Peace River outlet, as reported in the Edmonton Bulletin, which reads as follows:

"Of particular interest to a western audience was the Prime Minister's statement that the construction of a railway outlet from the Peace River district might furnish employment for many now out of work. He had personally seen the presidents of both great Canadian railway systems in an effort to ascertain the reasons for delay in going on with this project," he said.

"What we have said to each of them is that the people of Western Canada are interested in the construction of this road," asserted Mr. King with emphasis. "We have told them --- and this was some time ago --- that we think six months is long enough to decide the route; and we have told them if they have not discovered a route in six months, then the government will find a way to construct the road."

Mr. King made the same statement in a speech delivered at Edmonton during the same campaign.

In a wire to J. P. McIsaac, Liberal candidate, during the recent federal election, Robert Cromie, editor of the Vancouver Sun, who for years has fought valiantly for the construction of the outlet, stated that, "in talking with Mackenzie King in Vancouver, he seemed determined to put the outlet through regardless of any opposition St. James Street would again put up against him."

The complete wire appeared in The Tribune on Oct. 10. If the people of the Peace River country have been justified in fighting for the construction of the Coast outlet, they are more than justified in continuing the fight at this time.

Since the Rt. Hon. Mackenzie King made the above statement, population and production has increased in the Peace River country. Prices of farm products have fallen, but freight rates have not come down.

The Tribune sounds a call to arms to the Associated Boards of Trade and every other organization and individuals to join in a concerted effort to demand the building of the outlet. It is coming to this country. Let the fight be continued at all costs.

When Premier King made the statement referred to, the unemployment problem was just beginning and has since then grown into a national problem. There is only one way of curing this sore on the body politic and that is by putting people at useful work. Never before could a railway be built under more advantageous conditions than now.

The Peace River has been handicapped long enough and it is about time that the people, regardless of party affiliations, join together and demand the establishing of service which they cannot supply themselves.

The Peace River has too long been overlooked and it begins to look as though this condition will continue to exist until the people rise as one man and demand that the Coast outlet be built.

Premier King promised that if he was returned to power in 1930 he would see that the outlet was constructed. He went down to defeat, but he is now in power and we now ask him to make good his promise, not as a gift, but as something to which this North country is entitled to.

Isolated as this country has been, one would think that it is a sort of cast-off illegitimate child, instead of a member of the Canadian family.

When Mr. Beatty, president of the C.P.R., was here some time ago, he gave no encouragement that the outlet would be built in the near future. It is therefore now up to Premier King to see that the road is constructed in accordance with his promise.

On the promise of the construction of the Coast outlet hundreds came into the Peace River country with all their belongings intending to make this country their home. They have battled for years against high freight rates, bad roads and many other handicaps, always living in hopes that redress would come through the construction of the outlet.

In the face of these facts the Government cannot sidestep the responsibility as the whole system of settling this country is interwoven around the promise to build the road. If the old line railways cannot be induced to construct the road then the Government should do so.

Unfulfilled promises are useless. What is needed is action --- without delay.

Let everyone in the Peace River respond to this call to arms and once again demand the construction of the much needed road.

### One Hundred Enjoy Banquet Given by Golf Club in Grande Prairie Hotel Wed. Night

An even hundred attended the annual banquet of the Richmond Hill Golf Club, held in the dining room of the Grande Prairie Hotel, marking the closing of the season. Beaver Lodge, Wembley and Lakelse were well represented.

Following the partaking of the many good things to eat, President Harry Wembley, in his introductory remarks which were timely, set the speech-making part of the program away to a splendid start.

The president, after referring briefly to the various events, thanked the different committees for the work they had done during the season. Mr. Wembley sounded a note of encouragement when he pointed out that the membership was larger than it had ever been since the club was organized. He regretted that more members do not attend the annual meetings.

In conclusion, he thanked the club secretary for the music rendered during the evening.

Mayor Today was then called upon. He welcomed those present from outside points, and thanked the officers for his rather poor golf during the past season.

His Worship referred to a speech which J. P. McIsaac had made at the last annual banquet when he promised that both he and C. E. MacKay would do everything possible to appear at the club's fair. While they had not been entirely successful, he was glad to report progress on the way of romance and was quite hopeful that the objective would be met by the time the next annual banquet is held.

J. P. McIsaac declared in his short speech, and long humorous ones, that he was doing his best to follow the Mayor, which, however, he found quite difficult at times. He said that he had the honor of being the locker (Continued on Page Eight)

### Prize Winners at DeBolt, Wembley Swine Club Fairs

DEBOLT.—A local swine club fair was held at DeBolt on Thursday afternoon, October 24. There was a good attendance of club members and others interested in better bacon hogs. Mr. E. Godfrey of the Dominion Experimental Station, Beaver Lodge, and W. A. Morrison were in attendance to judge the pairs of finished market bacon hogs.

An interesting feature of the program was a live stock judging competition. The results of the fair were as follows:

First, Roy Perkins.

Second, Kenneth Biding.

Third, Robert Given.

Fourth, Lillian Gibson.

Fifth, Richard Bickell.

Sixth, Albert Hughes.

Other exhibits of merit: Owen Hugheson, Arthur Robertson, Maurice Robertson, Claude Robertson, Jack DeBolt, Harry Brown.

In the evening there was a well-attended club meeting held in the Country Club Hall at which Mr. Godfrey described in interesting detail his experiments on hog feeding being conducted at the Experimental Station. A number of lantern slides of live stock were shown. Mr. Morrison, District Agriculturist, then spoke briefly on agricultural topics as affecting the district.

WEMBLEY.—The local fair of the Wembley Swine Club was held here on Friday, October 25. While all the members were not able to be present with their exhibits, yet the quality of pigs shown was of a high standard. The fair results were as follows:

First, John Stoll.

Second, Edward Bretherton.

Third, John Bretherton.

Fourth, Mervyn Jupp.

Fifth, Mervyn Jupp.

Sixth, Kenneth Edgerton.

Seventh, Joyce Jupp.

Mr. E. A. Morrison and Mr. Morrison judged the pairs of pigs and conducted a judging competition for the club members.

### Jim Brooks, Old Timer, To See Pacific First Time

Jim Brooks, who is possibly, with the exception of Tom Kerr, living at Stuart, Lake, is the oldest white man in the Peace River, spent a short while at Grande Prairie on Friday, as he is to be in the west, where he will spend the winter.

In conversation with The Tribune reporter, the oldtimer, who came to this country in 1896, stated that he spent two summer seasons gold on the Finlay River and did very well. This last year he has been living at Stuart, B.C.

Discussing his trip, Jim had the following to say: "I have never seen the Pacific and I am going to do so before it is too late."

Brooks, who in a few weeks will be 70 years of age, was looking in the pink and seemed quite able to stand the long trip, which he was making with a car. He stated that he would stop off a few days at Edmonton to visit his nephew, Andy, before he went to Grande Prairie and Spirit River.

Jim has two brothers at the coast, one at Vancouver and one living in California, who he hopes to visit.

"If I like the coast, I will stay. If I will return, was the way Jim put it just prior to starting out for the Capital City."

The oldtimer can still road without glasses.

### HYTHE TO HAVE BUSY WINTER THROUGH VARIETY OF SPORTS

HYTHE, Oct. 30.—Plans are being made that should furnish this town with a busy winter.

Recreation will commence very soon in the Jubilee Hall, and arrangements are being made for the Athletic Association and the Elks to jointly sponsor a hockey team and operate the skating rink.

### Governors Elected Business Reviewed At Golf Club Meet

Improved fairways, greens, the painting of the clubhouse were noted as among some of the outstanding features of the year's activities of members of the Richmond Hill Golf and Country Club at a meeting held at the club on Wednesday night.

Grave interest in golf was elicited during the past year at Beaver Lodge and St. James, resulting in increased membership.

The following governors were elected: Judge J. D. Matheson, A. R. Hillman, J. A. Fleming, J. A. Evans, H. S. Blanton, Harry Appleton, E. K. Evans, Wembley, H. T. DeBolt, Wembley, J. P. McIsaac, Mervyn Jupp. Various officers will be elected by the governors at an early date.

E. A. Morrison's financial report was read and showed a favorable balance.

In addressing the meeting, President H. T. Wembley said the standing order, carried on through adverse weather conditions and a mosquito nuisance, were highly commended financially and from the standpoint of sport.

### Canadian Club Addressed by Maj. Finnie on Friday

A specially audience attended the showing of "Wandering Through French Canada" on Friday evening under auspices of the Canadian Club. Dr. J. J. O'Brien, the president, opened the meeting and presented a number of new members who joined that evening.

Historical points linked with Canada's development at the time of Montcalm's capture and Montcalm were shown by Mr. and Mrs. Richard Finnie of Toronto. Major Finnie is a well known Canadian club speaker and his interesting address was greatly well received. He has started his audience on a tour from Montreal often classed as the second largest French-speaking city in the world.

Going through Quebec, the speaker, who is a member of the club, pointed out the battle front, and leading to the market square of Quebec, which were shown, telling out of the Owen's point, and in the afternoon the audience arrived at the Isle of Orleans, located 90 miles out of Quebec.

There will be a number of other shows (Continued on Page Eight)

### Jack Minchin Is Trying Out With Edmonton Team

One of the fastest junior skaters of Peace River, Jack Minchin, left last Saturday for Edmonton, to try his luck with a top hockey team.

Jack Minchin, has skated much experience in amateur hockey, first with the Calgary Jimmies previous to coming north about three years ago when he lived at Peace River and skated on the "Papa's" rink team. He played centre position last year on the Grande Prairie hockey team managed by Ogden Orr.

A SPECIAL TRIBUNE FEATURE

THE BEST OF THE WEEK'S INTERESTING NEWS PICTURES

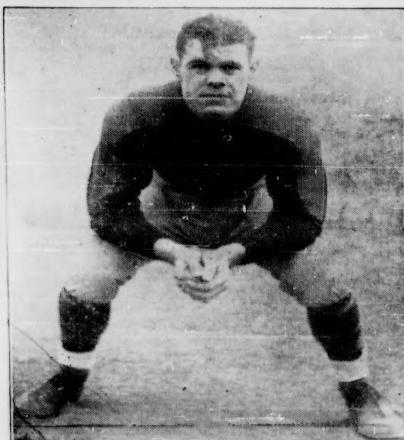

NATURE PROVIDES STIFF OPPOSITION FOR ITALIAN INVASION

Old Mother Nature is fighting on Ethiopia's side in the present war of aggression between the Italians and Ethiopians and here is a picture showing one of Mother Nature's weapons. When this photo was taken a severe sandstorm was raging over Gorbah and the surrounding district and the Abyssinians above are finding conditions unfavorable for sentry duty. At the right is the Muliali's old fort which was later bombed and damaged by Italian planes. Italians at Gorbah, northeast of Gorbah, also suffered in this sandstorm.

METROPOLITAN FIREFIGHTERS OVERCOME \$5,000,000 BLAZE

This interesting photograph shows firemen playing on the blazing buildings during the spectacular fire which broke out at the Colonial Wharf, London, and caused \$5,000,000 worth of damage before being overcome. This was one of the biggest fires seen on the banks of the River Thames in many years. The Tribune on September 23 carried the following press news from London, dated that day: "The most spectacular fire in London in years was brought under control this afternoon after it had gutted a seven-story warehouse and caused damage estimated at \$5,000,000. The fire raged inside the Thames at Vauxhall, in south London. As day firemen, with gas masks, rushed 28 fire engines in an eight-hour battle, huge stores of rubber, tea and liquors were destroyed. The flames from the burning rubber shot 100 feet in the air and descended in cataclysmic like an enormous display of fireworks."

GIANT ROUGHRIDER TRAINS FOR WINNIPEG INVASION

Here is Ole Olson, giant quarterback of the Regina Roughriders. He also punches, kicks and throws and passes. He is one of the finest rugby players ever produced in western Canada and when the Roughriders invade Winnipeg on November 2, Olson will be the man the Manitoba players will have to watch.

IN THE JAW OF DEATH

—Picture in the Philippines Free Press.

FAVORITES IN PROFESSIONAL GOLF ASSOCIATION TOURNEY

Three of the favorites who played in the Professional Golf Association tournament at the Twin Hills Country Club, Oklahoma City, are shown above. Left to right: Paul Runyan, Walter Hagen and Gene Sarazen. Runyan is the defending champion. Hagen has won the title five times and Sarazen three times. Hagen started the tournament by breaking the course record.

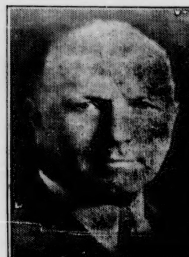

SETS NEW RECORD

Here is Alice Gibson of New York with the small auxiliary parachute which will be used to support the oxygen flask to be carried by her when she attempts a 30,000-foot parachute jump for a new world's record for women. The attempt will take place from a plane over Times Square.

FIRST ELECTED

W. H. Moore, veteran Liberal and former chairman of the Canadian Pacific Board, who was the first candidate to be elected in the province of Ontario. He retained his seat in Ontario County.

RE-ELECTED

Hon. W. D. Euler, who held the North Waterloo riding for the Liberal party in the Dominion election.

KING GEORGE WITH HIS SISTER

Results of the plebiscite scheduled for November 3 will determine whether the exiled King George II of Greece will return as ruler of the country which banished him eleven years ago. Here King George is shown with his sister, Queen Helena of Hellenia, photo-graphed during their recent meeting in London.

TWO FORMER CABINET MINISTERS RE-ELECTED

Hon. H. A. Stewart, left, Minister of Public Works in the Bennett Cabinet, and Sir George Percy, right, Minister without Portfolio in the Conservative government, who were successful in retaining their seats in the recent general elections.

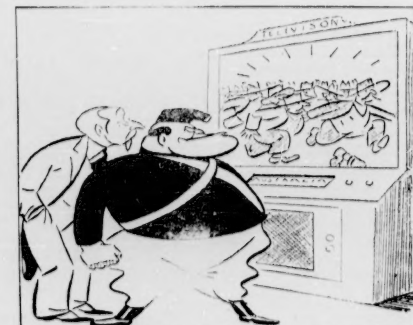

FILM STAR'S FATHER HONORED

Additional honors came to the distinguished Tene family when Frank Tene, right, was honored in Washington for his achievements in electrochemical research. Franchot Tene, left, film star, and his brother, Jerry Tene, centre, were spectators at the presentation of the medal and \$1,000 prize awarded Tene, an industrialist of Niagara Falls.

THE MAN BEHIND THE SCENES

Very few Canadians have heard of Colonel Sir Robert A. Johnson, K.B.E., and in fact he is unknown to the average Britisher, yet he holds one of the most important posts in London. Sir Robert is Deputy Master and Controller of the Royal Mint and the engravings of His Majesty's Seal. This photograph was taken in his office at the Mint.

Mussolini (looking at Australia in television set): "Ah, my people in Australia support me! See them storm the shipping office!" —The Molliston, Sydney, Australia.

## One Hundred, Etc.

(Continued from Page One)

mate of Mr. Tooley, and he pictured a time when he (himself) when old would be pointed out as the man who had the honor of not having "his elbow in the Mayor's locker." The Liberal candidate assured his audience that he was not overlooking the trophy referred to and he hoped, no matter what the Mayor did, to present the trophy at the next annual banquet.

D. W. Patterson was also in humorous vein. He chided the Mayor and Mr. McLean on not presenting the trophy, adding that they had both fallen miserably down on the job. However, he was hopeful that they will still make good their promise. Mr. Patterson drew a word picture of a future scene at the golf course. A young man who has developed into a real golfer is seen making the rounds. "Who is that man?" asks an onlooker. "That's young Patterson. His father was a great golfer." The trophies and prizes were then presented by J. H. Dawson.

Open Championship, Men—Champion: Philmie; E. K. Culver, runner-up; George Duncan, First Flight; A. D. Wishart, runner-up; H. Sumner, Second Flight; Donald Smith, runner-up; Harry Black, Third Flight; Roy Roberts, runner-up; Harvey Black, Open Championship, Ladies—Mrs. C. C. Fleming, runner-up; Emily Watson.

Club Handicap Championship—H. W. Rogers, runner-up; Harry Archibald.

Mixed Two-Hall Foursome—Mrs. Simble and Jack McKay, runners-up; Fleming and Alex Wishart.

Mixed Two-Hall Foursome—Mrs. Simble and H. W. Rogers.

Male in One—W. R. Smith of Rex.

The course record for the season was made by G. A. Duncan in 38, one better than last year.

Handy Stevenson, the pro, was presented with a gift in appreciation of his services.

When "Bandy" stood up, everyone joined in singing "He's a Jolly Good Fellow." In reply, "Bandy" said that the previous speakers had left him nothing to say. "I thank you," he said, and sat down. It was the first time that speech ever failed the pro.

Jim Evans was suitably recognized for making out the Russ on a perfectly controlled slide.

C. G. Butchart was not overlooked and was rewarded for missing the short putt.

Mr. McLean stated that the season, due to politics and mosquitoes, was quite difficult.

Herman Treble spoke for the west side and was rewarded for missing the short putt.

H. Sloan, who was the last speaker, referred to the audience as being made up of fair ladies and brave men. Mr. Sloan, "must be a brave to play golf." He had known men who had served with distinction in the war and remained perfectly calm under fire, and he had seen these same men nervously tremble and wilt in a golf game.

Golf and politics, said the speaker, are very much alike, both are very uncertain. For himself he played his best golf in January and his best politics before an election.

The president thanked Mr. Donald for putting on the splendid banquet and for giving the club a percentage on a show.

The singing of "God Save the King" brought the most successful banquet to a close.

Following the banquet many availed themselves of the opportunity of attending the talks at the Capital Theatre.

WHEAT PRACTICALLY A TOTAL FAILURE IN MANITOBA, SAYS VISITOR TO GRANDE PRAIRIE

For the first time in the history of the province of Manitoba the wheat crop is practically a complete failure. This statement was made to The Tribune reporter by James W. Rees, of Rivers, Manitoba, who is visiting his daughter, Mrs. John Redmond.

Mr. Rees, who was born in Yorkshire, England, came to the Canadian West in 1880, when he hired out with a farmer to get experience. Since then he has been out on his own.

This is Mr. Rees' first trip to the Peace River. He plans to spend the winter at Grande Prairie.

Mr. Rees' first trip to the Peace River was in 1880, when he hired out with a farmer to get experience. Since then he has been out on his own.

## HALT CALLED ON WORK ON NEW P. O. AT PEACE RIVER

According to C. Turner, who was appointed to represent the Government in the construction of the new twenty-five thousand dollar post office at Peace River, the work has been halted by the contractor.

"After the cellar was excavated, it was decided to discontinue the work until next spring," said Mr. Turner, who arrived home on Monday.

## Canadian Club, etc.

## BEZANSON NEWS

BEZANSON, Oct. 28.—Jack Frost having struck a severe blow this fall, followed by very unfavorable weather, makes the past few years of depression look like good times compared with what most farmers have to look forward to during the coming winter in this district. Most of the crops have been killed by the frost, and the majority of homes before warm weather comes again.

Mr. M. L. Geary had the misfortune to lose one of his most valuable horses during the past week while threshing on Zotic's place.

Bill told one of his neighbors that if his horse had not been lost he would have had any crop to thresh and Bill knows?

This morning, Monday, October 28, the thermometer registered 4° below zero, with a light covering of snow, but the threshing machines still turn their merry tune. Misses are so much in the snow that the motto appears to be, "Thresh at any cost."

RAHAB, Oct. 30.—Notwithstanding the rather depressed times, Rahab is making steady advance.

Postmaster Brocher and Sam Broadbent have both built new houses. Edgar (leaved) constructed a large barn, which he is using until such time as he gets his lumber in the spring to build himself a new home.

The grain yield in this district is turning out very good.

The district nurse of Tangent recently visited Rahab and vaccinated the children against diphtheria.

Mr. and Mrs. Bergeron left for Spirit River, where they will reside.
